**Above you will find your digital ID card. This card can be printed out and folded down the center line to store for safekeeping. To protect your personal information, your membership card is generic. All Paramount Dental contracted providers will continue to use your Social Security number or Member ID number to validate your eligibility and benefits. Although this is a new card, this is not a new process. As always, our team is available to answer your questions or concerns at 1-800-727-1444.**
